Respected HR Manager,

This is in regards to the fresher's openings for the role software engineer. Hence I would like to apply for this position. I have done my Bachelor in computer science from PUCIT. My key programming strengths are being C, C++, JAVA, C# and ASP.NET. I am looking forward to be part of your esteemed organization to prove my abilities and serve the Company to my best level.

I expect you to know in detail about me in order to consider my candidature. So for your review my resume is attached as the first step in the application process. I hope you will find my profile to be a strong indicator of what I would contribute as a skilled, hardworking member of your highly qualified strategic team.

Thanks & Regards,

Muavia Rahman
